

Statement of DAVID GUIDRY, Candidate for
Governing Board Member, Los Gatos-Saratoga Joint Union High School District

Occupation: Incumbent

Education and Qualifications:

I am proud of the work we have done during some of the toughest times a board trustee could face. We kept our students and staff safe while continuing to provide the best learning environment possible. I am also proud of our district being recognized as the #1 district in the state by Newsweek and Niche. This is due to the amazing students, staff, parents and community support we have and I cannot express enough how much I value and appreciate them.

There is still much to do and I believe that I am the best candidate for Board Trustee. Particularly because of the work I have already done in this position. We have a new superintendent and many other new staff joining so an experienced board is critical. In addition, my background working in high tech both in engineering and marketing, and my MBA have been highly valuable in this role. My goals for the coming term closely align with our strategic goals: continue to improve the mental health of our students, further build the strengths and success of our teachers, and continue to improve on our outstanding curriculum and course offerings.

Thank you for your support and vote.
